

So what is a Potluck Party

Well if you love getting together with friends, then this is a great way for you to fundraise for Saint Francis Hospice. Host a lunch, tea or dinner party and invite all your friends/family/work colleagues.

If you don't fancy doing all the cooking yourself ask them to bring a dish each and wear something yellow. Once you have all sampled each dish you can then take a vote on whose dish is the best and then crown your potluck party winner.

The winner gets a fun certificate and the first 50 people to register will get a wooden spoon trophy for the winner as well.

It is FREE to register and we will send you a fundraising pack, with ideas of how you can raise money and make your potluck party go with a swing. We will also send you some raffle tickets and details of other merchandise that you may want to sell on the day/night to raise extra cash. All the money you raise will be spent on patient care. Our nurses care for 500 in-patients and make 5,000 home visits each year to care for local people at the end of their life.

There are lots of twists on this fun way to start your summer so register today at www.sfh.org.uk or call 01708 723593
