# A terrific, fun way to help Saint Francis Hospice

For thousands of people in Greater London and Essex, Saint Francis Hospice is a haven of care and hope. Every year we support and care for more than 3,000 people with life-

limiting illnesses such as cancer, heart disease and motor neurone disease. Not only do we provide people with the very best medical treatment – we raise their spirits and help them make the most of every day.

All this invaluable work is done by a local, independent charity – and to keep our Hospice going we have to raise £18,000 every day.

That's why we have launched our £1,000 Jackpot Lottery. By joining in, you'll be helping to raise funds for your local hospice and have the chance to win valuable prizes every week!

**“Laura spoke extremely highly of the care she was receiving and said she felt the medical team had listened more to her in the first 10 minutes at the hospice than throughout her entire diagnosis and treatment elsewhere”**

Claire Popkin, Laura’s mum

## Laura’s story

Laura Popkin was in her mid-twenties when she was diagnosed with skin cancer. Later, when the cancer spread and her condition deteriorated, Saint Francis Hospice was a true friend to her, administering pain relief and nursing her through the last stages of her illness.

At one time, she was moved into the family suite so that her loved ones could stay with her. “The fact that we could be there all the time with Laura was really important,” says her mother Claire.

Today, her family and friends celebrate her life by helping to raise funds for the Hospice so that others can receive the same wonderful care.

**“I’d be lost without the hospice. The staff are angels, they treat you like individuals not just another patient. Being a mum of four young children, you have to stop yourself from saying things sometimes, but thanks to the hospice I don’t have to bottle anything up, everyone understands what you are going through.”**
